You are invited to join the park interpretive ranger outside the ice-cream stand at the gate for a visit into the main barn. Learn how much a cow/heifer eats and drinks in a single day...see how much milk they produce, as well as numerous other fun facts about the largest of all dairy breeds. Take this opportunity to pet a calf or fully grown girl and join the list of those 'slimed at Great Brook Farm State Park'! Experience an interactive, *real* dairy farm...just a few miles from the city limits.

**Sunday, October 1<sup>st</sup>, 2006, 2:00-5:00 p.m.**

Live animal presentation of snakes of Massachusetts & and world! Do you wonder what kind of snakes might be living in the woods near your house? Have you ever caught a glimpse of a snake just as it disappeared into some shrubs and wished for a closer look? Here is your chance to see local and exotic snakes up close. Rick Roth, local snake expert and Director of the Cape Ann Vernal Pond Team, will share some of his favorite snakes and talk about their lives and habits.
